

## OPPOSES GIVING HARDING RATE-MAKING POWERS

Wool Manufacturers' Association Head Against President's Tariff Plan.

SAYS WOULD MEAN CONFUSION

New Yorker Asserts Proposed Wool Rate Adds \$250,000,000 to American's Clothing Bill in Order to Protect \$65,000,000 Industry.

[By Associated Press.]

WASHINGTON, Dec. 14.—President Harding's proposal to Congress that he be given authority to adjust tariff rates as changing conditions might warrant is "altogether impracticable and undesirable," John P. Wood, of Philadelphia, president of the National Association of Wool Manufacturers, declared today before the Senate Finance Committee at hearings on the wool schedule in the permanent tariff bill.

Such a plan, Mr. Wood said, would keep industries "in a state of unrest at all times" and would result in constant pressure for changes in rates being brought to bear on the President and the Tariff Commission, which, under Mr. Harding's proposal, would recommend the changes in rates to the President within the limitations of maximum and minimum figures to be fixed by Congress.

Wood Unsettles Business.

Any plan that takes out of the hands of Congress the power to fix rates for a definite time would be unsettling to business," Mr. Wood continued. "There would be constant hearings before the Tariff Commission, and we feel that the commission would make no more rapid progress in reaching decisions than the Interstate Commerce Commission makes, and everybody knows how fast that is."

Senators Smoot, of Utah, and Watson, of Indiana, Republican members of the committee, differed with Mr. Wood, arguing that the plan proposed would result in less uncertainty for business in this country than would otherwise follow the liquidation in Europe and the changing values of currencies abroad. Senator Smoot declared that under present conditions Congress would have to delegate authority as to tariff rates in some such manner as suggested by the President.

Believe Clouds Soon to Pass.

While agreeing that business here would have to suffer some measure of demoralization because of conditions overseas, Mr. Wood said he did not believe present conditions would last as long as some students thought they would.

"What we are most concerned with," he added, "is that there shall be an adequate and balanced tariff as speedily as possible, and we fear that any hasty element in the situation will cause delay."

In a formal statement read to the committee, Mr. Wood suggested in effect that the entire wool schedule in the Fordney bill be restricted on the basis of the clean sourced content and that higher compensatory rates be granted on manufactured goods. He did not suggest any specific basis rate on raw wool, saying merely that his association advocated "wool duties adequate to protect the domestic industry of three hundred years."

He approved of the American valuation plan as "the only feasible method suggested to offset the depreciating foreign currency."

Add \$250,000,000 to Clothing Bill.

Protesting against the basic rate of 25 cents a pound on clean raw wool proposed by the Fordney bill, William Goldman, a clothing manufacturer of New York, said that it would "mean a tax of \$250,000,000 on the annual clothing bill of the American people, in order to protect the wool growing industry with an annual output valued at \$55,000,000."

Declaring that there was "no limit to the audacity of the representatives of the wool growers," Mr. Goldman declared their "policy of protection" was "absurdly extravagant" and "preposterous."

Senator Smoot took exception to Mr. Goldman's figures and charged that whatever profiteering was done was not done by the growers. He thought retailers were responsible for much of it, but Mr. Goldman denied that they were profiteering.

April 5, Dartmouth; April 8, Cornell; April 12, Holy Cross; April 15, Syracuse; April 18, Pennsylvania State; April 22, Delaware; April 26, Georgia Tech; April 29, Carnegie Tech; May 3, William and Mary; May 6, University of Pennsylvania; May 9, Johns Hopkins; May 13, Swarthmore; May 16, Catholic University; May 19, St. John's; May 21, United States Military Academy.

SUFFERED FOR EIGHT YEARS

Rheumatic pains, lame back, sore muscles and stiff joints most frequently can be traced to overworked weak or disordered kidneys. Daisy Bell, E.F.D. 3, Box 234, Savannah, Ga., writes: "I was suffering for eight years from pain in the back and could not do any of my work, but since I have taken Foley Kidney Pills, I can do all of my work." Foley Kidney Pills have given relief to thousands who suffered from kidney or bladder trouble. Try them.

## BENNY LEONARD WARY OF NEW YORK FIGHT RULES

Lightweight Champion Does Not Like to Risk Title by Decision.

[By United News.]

NEW YORK, Dec. 14.—Tex Rickard's offer of 50 per cent of the gross receipts, if Benny Leonard will take on the winner of the Jones-Pedman match Friday night at Madison Square Garden, may be received with merely cold lifting of the eyebrows by the lightweight champion. Leonard doesn't like New York rules, doesn't like the system under which two judges might give away his title in one of those decisions Benny calls "weird," and in general, disagrees with the way things are run in the Empire State. Accordingly, there is serious doubt that Rickard's offer, however attractive, will appeal to Benny. He likes his title too well.

Seek Great Billiard Star.

Billiard enthusiasts are working up a little propaganda to force other Jake Schaefer or Willie Hoppe, to determine which is the greater player at all three forms of billiards—balkline, three-cushion, and pocket.

Sports Alliance to Meet.

The National Sports Alliance, which is as close to a boxer-manager union as it could come without actually being a union, will meet Sunday to adopt its constitution and by-laws. It may immediately seek recognition as the American Federation of Labor, and a charter as the first fighters' "local" in America—or anywhere else.

Lacrosse Becoming Popular.

Lacrosse is growing popular. Secretary Barber, of the United States Intercollegiate Lacrosse League, has just received a letter from England proposing a tour of America by a lacrosse team. The team would consist of five players, including the combined universities of Oxford and Cambridge. It is Syracuse, Harvard, Yale, West Point, Princeton, Penn State, Pennsylvania, Ann Arbor and Swarthmore will contribute \$1,000 apiece, the project will go through.

Want Tennis Law Abolished.

There is a distinct movement in tennis circles favoring abolition of the old rule whereby drawings for the national amateur tournament are left to chance. The proposal that judges would obtain better pairs and more interesting contests by matching the players arbitrarily, is gaining great support among the experts. In spite of its one great drawback—that a prejudiced committee might be able to make or unmake champions, it is close.

Tommy Noble in United States.

Tommy Noble, who holds the Lord Londale belt, and who is considered one of England's best, is in New York and craves action. He would meet with Johnny Kilbane, if the managers will let him.

Miller Leads Penn.

Jonathan K. "Pos" Miller, was elected captain of Pennsylvania's 1922 football eleven at the close of "win-ter practice" today. Miller played full back, and is also a basketball star. He succeeds captain Rex Wray.

CATHEDRALS TROUCE

BENEDICTINE BY 27 TO 7

The fast aggregation representing the Cathedral School showed their superiority over the second team from Benedictine College, by defeating them, 27 to 7, in the football game played at Byrd Park.

The feature of the game was the all-round playing of the Cathedral team. Reardon and Castelvocchi played well for the losers. The outstanding feature of the game was an eighty-yard run by Heck, of the Cathedral.

The line-up:

Testify Playfellow Wore Bit.

NEW YORK, Dec. 14.—Playfellow, the 3-year-old full brother of Man O'War, for which Harry P. Sinclair paid James Johnson \$100,000, wore a bit to prevent wind sucking for three weeks before the sale. George Pappe, assistant trainer in the Johnson stable, testified in State Supreme Court today that Sinclair is suing to recover the \$100,000 on the plea that the wind-sucking habits of Playfellow were concealed for the purpose of making the sale.

## JOHN E. ROSE, JR., HEADS BASEBALL COMMISSION

Possibility of Dr. Lawrence T. Price Heading Another Organization Revealed

John E. Rose, Jr., Jr., was elected president of the Amateur Baseball Commission of Richmond at a meeting held last night. Plans for the coming year were discussed, and hope expressed for an early start in 1922. That there is a possibility of another AA organization being started in the city, was brought out by the fact that Dr. Lawrence T. Price is reported to have announced that he was slated to head such an organization.

All firms and corporations wishing to play in 1922 can obtain application blanks at Newton-Woodward or Harri-Flippin's stores. It was announced.

In reviewing the business of last year, it was found that the commission was in a flourishing condition, and that there was a substantial balance in the treasury with which to start the commission during the coming season.

First-vice president, Lucian E. "Tommy" Jones, second-vice-president, William Jones, commissioner, Stuart Bagland, treasurer, James E. Harris, and secretary, P. M. Edwards.

OUTSIDE CAPITAL MAY BACK DANVILLE CLUB

DANVILLE, VA., Dec. 14.—It is reported on good authority here that in the event of no local organization taking hold of the Danville franchise in the Piedmont League, that outside capital may be considered. It is even intimated that an offer to operate baseball in Danville by persons who live outside of the city has been already made.

The ultimatum served by W. G. Brumham, president of the league, has thus far had no tangible result.

miners remained on strike and tried unsuccessfully to get all of the miners out on a sympathy walkout to aid Howat, the women took the field.

They have assaulted every working miner they could lay hands on, marching behind American flags and singing as they went into battle.

Sheriff Helpless.

Sheriff Gould and his deputies have been unable to cope with them. They have run every miner in the vicinity out of the mines, fighting, biting, throwing stones and bricks, and recruiting their membership as they went along. The men strikers, their husbands, sons and sweethearts, have remained in the background as the women fought victoriously.

Throughout Crawford County today the women stood guard over idle mines. Here and at Girard there were few mines showing any activity, and in those isolated spots, the women fought to chase away the officers guarding property from violence.

Some of the women marchers went into the night carrying babies. Others were leading small children.

They commandeered automobiles and a procession more than a mile long moved through here today for a mine northeast of Pittsburg, where all miners found were beaten, scratched and chased out of the district. One mine at Drywood Creek was dynamited and the steam shovel wrecked. Whether these tactics were adopted by women or men rioters is not known.
